WC flexi connectors – extension of product line PREMIUM

We are extending the product line **PREMIUM – WC flexi connectors A97SN and A97L**.

- Higher quality product at a lower price
- Made in Czech Republic
- 3 innovations for simple installation and extended service life

EXTENDED SERVICE LIFE

PERMANENT STRENGTH AND 100% TIGHTNESS OF THE JOINT

Modern technology – spin welding

ACCURATE AND QUICK INSTALLATION

SEAL AS INTEGRAL PART OF CONNECTOR

Two-component joint for maximum tightness, resistance and durability

Lower price

NEW

QUALITY MATERIAL PROCESSING AND HIGH DURABILITY

NEW TWICE AS THICKER MATERIAL OF THE WALL

- No need of wire reinforcement
- Made of polypropylene thermally and chemically resistant

Double connectors P155Z and P156Z to connect household appliances to trap

You will appreciate them not only in small apartments, but also in the technical rooms or when installing another household appliance. Double connector elegantly solves the problem of connecting two different household appliances to a single trap. Thanks to the variable diameters of the connectors it is possible to connect it to almost all types of common household appliances such as washing machine, dishwasher, dryer, condensing boiler, air conditioning, heat recovery, etc.

P155Z

Double connector 17–23 with return valves

P156Z

Double connector 8–23 with return valves

NEW

6

Double connectors P155Z and P156Z

■ Solution for all situations – direct connection to HT DN40/DN32

EFFECTIVE PROTECTION
Return valve prevents the backflow of water, this solution is suitable for systems that lack their own return valves

SOLUTION FOR ALL SITUATIONS
 Direct connection to **HT DN40/DN32** – no need of another trap when installing additional household appliance

WIDE VARIABILITY
CONNECTOR FOR A HOSE DIAMETER 8–16 MM
 Dryers, boilers, air conditioning, heat recovery etc.

WIDE VARIABILITY
CONNECTOR FOR A HOSE DIAMETER 17–23 MM
 Washing machines, dishwashers etc.

A SAFE BET
The barrier regulates the water flow and eliminates the risk of back flow into the second connector

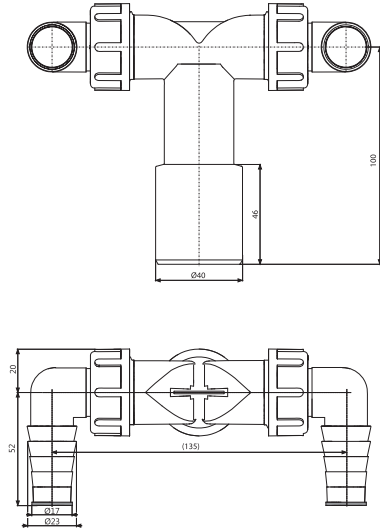

READY FOR THE FUTURE
End cap serves to blind the connector when not in use – preparation for connecting another household appliance in the future
